2010 Supporters of the Iowa Immigration Education Coalition

As a coalition, our strength lies in our members. Below, you will find a list of organizations that have joined the Iowa Immigration Education Coalition in support of our mission to educate Iowans about the impact of immigration and the contributions that immigrants provide to our communities. Comprised of leaders in business, labor, education, civil rights, religion, and health care, our Coalition represents a broad spectrum of perspectives that all agree that our immigration policies are in need of common-sense reform that treat all people with dignity and respect.

The Iowa Immigration Education Coalition is a multi-perspective group of business, labor, civil rights, religious, immigrant, education, social service, government, and other community leaders united for the purpose of providing Iowans with relevant and timely information about immigration issues and their impact on Iowans and their communities.
